

# Vee Technologies Announces, Launch of Onshore US Center of Excellence

*Onshore operations center addresses rapidly evolving, complex US Healthcare demands*

NEW YORK, NY, USA, August 24, 2017 /EINPresswire.com/ -- Vee Technologies announces the opening of its production Center of Excellence in Exton, PA. The facility houses global service delivery leadership for client production and consulting teams, process analytics, and [business process solution](#) development.

As the program management and technology hub for US operations, this center provides a resource base for clients and production teams to drive continual business process improvements. It consolidates a network of innovation programs in revenue cycle optimization, information security, and value-based care compliance.

Vee Technologies' CEO, Chocko Valliappa remarks "The US Center of Excellence continues our vision to have a diverse, production innovation infrastructure around the world."

"Our new Center of Excellence specifically addresses the requirements US [Healthcare](#) C-Suite executives have been asking us for... to solve their revenue cycle quality and cost challenges in today's disruptive market environment," comments Patrick L. O'Malley, President of Vee Technologies. "We're applying our considerable production expertise and proprietary software to solve these problems in the US Healthcare market."

The Vee Technologies healthcare team liberates talent and resources for hospital networks, physician groups, and insurers for extraordinary patient care. Through Vee's methodology, with high-quality medical coding and revenue cycle solutions, clients achieve a meaningful ROI. Since 2000, they have specialized in optimizing net patient revenue and accurately documenting value-based care.

## About Vee Technologies

Vee Technologies is a leading global business process management company headquartered in New York and Bangalore. They work as a trusted partner to enterprises and organizations around the world, delivering production solutions for extraordinary outcomes in quality and cost. Their client satisfaction achievements again qualified Vee Technologies for the IAOP Global Outsourcing 100 list of the world's top outsourcing service providers and powered their growth onto the Inc. 5000 list as one of the fastest growing American companies.

The logo features the word "Inc." in a large, bold, gold-colored serif font, positioned above the number "5000" in a similar but slightly larger, bold, gold-colored sans-serif font. The entire logo is set against a white background with a thin gold border.
